## Thank you parents

This afternoon the students will be bringing home a small gift as a thank you from all of us to all of the parents.

Thank you for supporting your children during remote learning and also for being so supportive of all our staff. We really appreciate it.

Jo

Hello everyone,

What a fantastic few weeks we have had at CHPS. It has been so good having all the students back at school.

We would again like to thank our community for their ongoing support with drop off (8:50 – 9:00) and pick up (3:15 – 3:30).

This current format will continue next term, until we get further advice from the Department of Education.

Parents will continue not to be allowed to enter the school buildings at any time unless previously discussed with the office.

Students who arrive after 9.00am must report to the office (through the front gate) and to sign in.

If your child is feeling sick or experiencing flu or cold like symptoms you must keep them at home until they are feeling better or have been given permission from a GP to return.

**COMMUNICATION:**

**ClassDojo** will continue to be used to share students' amazing work and to communicate to parents through the message section.

**Flexibuzz** also be used to communicate with the whole school and to send out the newsletter electronically.

**Hardcopy Newsletter**

A paper copy of the newsletter will be sent out the last week of each term.

**SMSs/Phone calls** will be used to remind parents of some events or to inform them of sick children if the phone call is not answered.

**Enrolments for 2021** are now open. If you have a child starting prep in 2021 please contact the office staff. If you have friends or family who have a prep child starting in 2021, we would appreciate you passing this information on to them. (See flyer page 4)

The staff would all like to thank our parent community for their ongoing support during this time.

Have a great Term 2 break.

Thanks everyone,  
Regards Jo Howard

# CHPS School Review Term 3 - 2020

The Department of Education (DET) conducts reviews of schools every 4-5 years. This rigorous process is conducted by the Victorian Registration & Qualifications Authority (VRQA) and the evaluation is completed with support from a DET appointed external reviewer.

The school review supports each school to differentiate its improvement journey by building on current strengths and assisting it to respond to challenges. It emphasises continuous improvement and affirms that every student, no matter their background or circumstances, has a right to learn in a school committed to improvement. It maintains that every school can improve.

## The review:

- welcomes school community participation in the review
- embraces the input of experts from both within and beyond the school
- forges links between evidence, school review, and strategic and annual planning
- seeks multiple perspectives, engagement with the whole school community and openness to challenge for improvement
- celebrates strengths and achievements.

The school review will look at:

- Reports related to the school's academic achievement
- Reports detailing the results of surveys of key stake holders including students, parents and teachers
- School policy documents which are also looked at as part of the Review.

If you have any questions about this process please feel free to contact me via the School Office.
