Dear parents and carers,

On behalf of our school, I want to say a big thank you to all our students, parents and carers for your continued resilience and support during Term 3.

I know remote and flexible learning has not always been easy, but through our collective efforts, our students have continued to make valuable progress in their learning. You can be confident that our school will support any student who has fallen behind to catch up.

I would sincerely like to thank all the staff members at CHPS for their dedication, compassion when planning and delivering the curriculum to the students. I appreciate how they have continually tried to connect with families and students in many ways, Google Meets, ClassDojo, Emails and Phone calls.

Term 4 is important for every Victorian student, and our teachers will strive to deliver high-quality learning for everyone. Whether we're teaching remotely or face-to-face, our focus for Term 4 is on making sure that every student is supported in their wellbeing, learning and transition needs.

We have been planning for Term 4 as best we can with what we know.

We are all working hard to ensure that the students settle back into school life quickly. We have planned for social and emotional wellbeing, literacy and numeracy and how we are going to quickly gauge where the students are at and support them at their point of need.

We are also brainstorming lots of ways we can make sure Prep Transition and Grade six graduation are successful.

There are a few things parents need to be aware of when students return on site, I have listed these on the next few pages.

Regards Jo Howard
