| | |

Assessment and Support

Teachers are currently observing and assessing the students to find out what level they are working at. Support has been provided in all grades to work with students in small groups in their areas of need.

DET is providing some funding in 2021 so as we can hire Tutors to support students. We will use current data to ensure students get the extra support in the areas they need.

Hello everyone,

BREAKFAST

We are noticing a lot of children are coming to school without eating breakfast. It is very important that they eat something before coming to school.

*“Children who **eat breakfast** are more likely to get fiber, calcium, and other **important** nutrients. They also tend to keep their weight under control, have lower blood cholesterol levels and fewer absences from school, and make fewer trips to the school’s sick bay with stomach complaints related to hunger”.*

<https://nutritionaustralia.org/fact-sheets/breakfast/>

HEADPHONES

For hygiene reasons we ask that children bring their own set of headphones.

The students are accessing digital devices throughout each week and in the coming weeks will be undertaking online assessment which will require the use of headphones.

Please send them to school in a plastic ziplock bag, labelled with your child's name that would be greatly appreciated.

Please see a photo of the connection required.

I hope you all enjoy the weekend.

Stay safe, wear masks outside and at the shopping centres. It will be great to hear what restrictions will be lifted when Dan Andrews makes his announcement on Sunday. 😊

Regards

Jo Howard
