Human resources recruitment practices

We take all reasonable steps to employ skilled people to work with children. We develop selection criteria and advertisements which clearly demonstrate our commitment to child safety and an awareness of our social and legislative responsibilities. Our organisation understands that when recruiting staff and volunteers we have ethical as well as legislative obligations.

We actively encourage applications from Aboriginal peoples, people from culturally and/or linguistically diverse backgrounds and people with a disability. All people engaged in child-related work and some contractors, including volunteers, are required to hold a VIT/Working with Children Check and to provide evidence of this Check.

We carry out reference checks and police record checks on teaching staff to ensure that we are recruiting the right people. Police record checks are used only for the purposes of recruitment and are discarded after the recruitment process is complete. We do retain our own records (but not the actual criminal record) if an applicant's criminal history affected our decision making process. If during the recruitment process a person's records indicate a criminal history then the person will be given the opportunity to provide further information and context.

Training and Supervision

Training and education is important to ensure that everyone at our school understands that child safety is everyone's responsibility.

Our school aims for all staff and volunteers (in addition to parents/carers and children) to feel confident and comfortable in discussing any allegation of child abuse or child safety concerns. We train and support our staff and volunteers during induction and throughout the year to identify, assess and minimise risks of child abuse and to detect potential signs of child abuse. New employee and volunteers will be inducted into the school, supported and supervised regularly to ensure they understand our school's commitment to child safety, and that their behaviour towards children is safe and appropriate. All employees of our school will be monitored through regular training and assessed via regular performance review to ensure their continuing suitability for child-connected work. Any inappropriate behaviour will be reported through appropriate channels and in accordance with our school's Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures including the Department of Health and Human Services and Victoria Police, depending on the severity and urgency of the matter.

Reporting a child safety concern or complaint

At Campbellfield Heights Primary School we have clear expectations for all staff, visitors and volunteers in making a report about a child or young person who may be in need of protection. All staff (including school council employees) must follow the school's Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, including following the [Four Critical Actions for Schools](#) if there is an incident, disclosure or suspicion of child abuse. Our school will never prohibit or discourage school staff from reporting an allegation of child abuse. Procedures, in accordance with Action 4 of the Four Critical Actions for Schools, Campbellfield Heights Primary School will provide ongoing support for students affected by child abuse.

We all have a responsibility to report an allegation of abuse if we have a reasonable belief that an incident took place. If an adult has a **reasonable belief** that an incident has occurred then they must report the incident. Factors contributing to reasonable belief may be:

- a child states they or someone they know has been abused (noting that sometimes the child may in fact be referring to themselves)
- behaviour consistent with that of an abuse victim is observed
- someone else has raised a suspicion of abuse but is unwilling to report it
- Observing suspicious behaviour.

Our school is committed to supporting and encouraging students to use their voice to raise and share their concerns with a trusted adult at any time of need. Students can access information on how to report abuse on schools website, on bulletin boards and displays around school grounds.

When the school is gathering information in relation to a complaint about alleged misconduct with or abuse of a child, the school will listen to the complainant's account and take them seriously, check understanding and keep the child (and/or their parents/carers, as appropriate) informed about progress.

Fair procedures for personnel

The safety and wellbeing of children is our primary concern. We are also fair and just to all personnel. The decisions we make when recruiting, assessing incidents, and undertaking disciplinary action will always be thorough, transparent, and based on

evidence. We record all allegations of abuse and safety concerns using our schools incident reporting form, including investigation updates. All records are securely stored. If an allegation of abuse or a safety concern is raised, we provide updates to children and families on progress and any actions we as a school take.

Privacy

All personal information considered or recorded will respect the privacy of the individuals involved, whether they be staff, volunteers, parents or children, unless there is a risk to someone's safety. We have safeguards and practices in place to ensure any personal information is protected. Everyone is entitled to know how this information is recorded, what will be done with it, and who will have access to it.

Legislative responsibilities

Our organisation takes our legal responsibilities seriously, including:

- **Failure to disclose:** Reporting child sexual abuse is a community-wide responsibility. All adults in Victoria who have a reasonable belief that an adult has committed a sexual offence against a child under 16 have an obligation to report that information to the police.
- **Failure to protect:** People of authority in our organisation will commit an offence if they know of a substantial risk of child sexual abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so.
- Any personnel who are mandatory reporters must comply with their duties.

Reportable Conduct

Our school will notify the Department's Employee Conduct Branch (9637 2594) if we become aware of an allegation of 'reportable conduct'.

There is an allegation of reportable conduct where a person has formed a reasonable belief that there has been:

- a sexual offence (even prior to criminal proceedings commencing), sexual misconduct or physical violence committed against, with or in the presence of a child;
- behaviour causing significant emotional or physical harm to a child;
- significant neglect of a child; or
- Misconduct involving any of the above.

Risk management

In Victoria, organisations are required to protect children when a risk is identified. In addition to general occupational health and safety risks, we proactively manage risks of abuse to our children. We have risk management strategies in place to identify, assess, and take steps to minimise child abuse risks. Our school will monitor and evaluate the effectiveness of the actions it takes to reduce or remove risks to child safety, more information can be found in our school's Child Safe Risk assessment register.

This policy will be reviewed annually by the Child Safe Officer and approved by the Principal and following significant incidents if they occur. We will ensure that families and children have the opportunity to contribute.
